7) In the Budget Estimates of the Mysore City Municipality for the year 1952-53 provision has been made for the marginally noted establishment for the Ookads which are about 13 in number It is stated by the Assistant Controller Local Audit Circle, Mysore, to whom the papers were sent for local verification that the Octroi Manegars are not required to follow dutiable articles to the Octroi Office and that this duty devolves upon the Octroi Peons In view of the above there appears to be no need for the sanction of any conveyance allowance to the Octroi Manegars as recommended by the Municipal Commissioner

Octroi Manegars	31
Octroi Peons	46
Toll Peons	24

8) It is also understood from the Auditor, Corporation of the City of Bangalore that Octroi Mutsaddies are not paid any conveyance allowance

Sir,

Subject - Grant of C A to the thirtyone Octroi Manegars on Rs 5/- per month

---

Adverting to the correspondence resting with letter No 5193/ dated 26-11-1949 from the Secretary to Government, General Department Bangalore on the above subject I write to state that the subject came up for reconsideration of the Council at their budget meeting held on 19-4-1952 and was examined in detail The Council wished to bring to the kind notice of Government that the nature of the work of the Manegars was as much executive as that of the Bill Collectors and that they have to move about and cover a distance much longer than the Bill Collectors The Octroi and Toll Stations are situated at the extreme ends of the city and the distance from these places to the octroi office is in no case less than two or three miles The Octroi Manegars have to follow at times the dutiable articles to the octroi office and have also to accompany the articles that are to be sent out of the city under an export pass to the other terminus through which the dutiable articles are to be exported In the meanwhile they have to go to their residences to have their meals and return again soon after to the office and attend to the verification of accounts and export passes etc Thus every Manegar has to traverse not less than 6 to 7 miles per day The Council felt that when on administrative ~~conventions~~ convenience the pay of the Octroi Manegars was raised from Rs 20-1-30 to Rs 30-1-40 EB 2 40 to be in par

with that of the Bill Collectors and the post of the Bill Collectors and Octroi Managers were made interchangeable, The non-acceptance of the recommendations to grant the C A to these Managers as is being given to the Bill Collectors, frustrates the very object with which the uniformity of the scale was adopted The Council wished to brin to the kind notice of the Government that the revenue under the octroi has risen up from Rs 3½ lakhs in 1945-46 to more than Rs 7 lakhs in the recent years on account of the diligent and strenous work of those employees while the expenditure under the establishment remains almost the same and does in no case exceed Rs 50,000 and works out hardly to 1/12 of the octroi receipts In these circumstances the Council wished to impress on the Government that both on ground of administrative convenience and financial stability there is no case to reject the recommendation made by them in this behalf They have accordingly resolved to approve of the recommendation of the Managing Committee to sanction the C A of Rs 5/- p m to each of the 31 Managers In enclosing herewith a copy of the resolution of the Council I request that orders of Government may kindly be obtained to reconsider the decision already arrived at and to - sympathetically consider the request of the Council

Yours faithfully

No no 103/C-5 A dated 22-7-52 re - Octroi Municipality

This proposal was rejected twice already
The Municipality has put forth reasons, which do not
appear to be acceptable as regards interchange of
officials this is still possible, as C A does not form
part of salary for any purpose
